Re: FCC ID: R7PER6R1S1

To Whom It May Concern:

The following application is submitted on behalf of our client, Cellnet Technology, Inc., for evaluation of their model Gridstream ResGas for certification under FCC Part 15.247 for single modular approval.

The Gridstream ResGas is a stand-alone module consisting of a single printed circuit board which is designed to be integrated into specific host devices. The Gridstream ResGas was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
