CONFIDENTIALITY REQUEST

Federal Communications Commission
Equipment Authorization Branch
7435 Oakland Mills Road
Columbia, MD 21046

Date: May 1, 2008

Gentlemen:

Cellnet Technology, Inc. respectfully requests confidentiality of certain materials provided with the submission of the Focus Utilinet Endpoint under FCC ID: **R7PNG6R1S4** in accordance with FCC Regulations 0.459. The confidentiality request applies to the System Block Diagram, Schematics, Parts List, and Theory of Operation, User's Guide, and Internal Photographs contained in the following exhibits.

08-0153 – Schematics.pdf
08-0153 – Parts List.pdf
08-0153 – Theory of Operation.pdf
08-0153 – System Block Diagram.pdf
08-0153 – Manual.pdf
08-0153 – Internal Photos.pdf

Confidentiality of the Internal Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or designated technicians. The manual is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Manual is also requested.

The "**Utilinet Mesh Extender**" has been developed at considerable effort and expense by Cellnet Technology, Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Richard Timko

Signature:

Title: Quality Engineer
