Re: FCC ID: R7PSSMM1TRP

To Whom It May Concern:

The following application is submitted on behalf of our client, Landis+Gyr Technology, Inc, for evaluation of their model Elster Solid State Meter Module for single modular approval certification under FCC Part 15.247.

The Elster Solid State Meter Module consists of a 900MHz transceiver on a single printed circuit board, which is designed to provide active energy data from Elster ALPHA Plus meters for use in residential and industrial commercial services.

The Elster Solid State Meter Module was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive style with a large 'R' and a stylized 'S'.
