Re: FCC ID: R7PWFM200

To Whom It May Concern:

The following application is submitted on behalf of our client, Landis+Gyr Technology, Inc., for evaluation of their model WFM200LG1 for a C2PC certification under FCC Part 15.247.

The C2PC is to add a new antenna to the existing filing.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
