

Stephano-I label information

The Stephano-I label has the size of 6.3x6.3mm. It contains parts of its article number “1701102500” or “1701142500” and the serial number of the entity (135000076) and the FCC ID. The 1701102 is the HVIN. The label is placed on the shielding of the radio module.

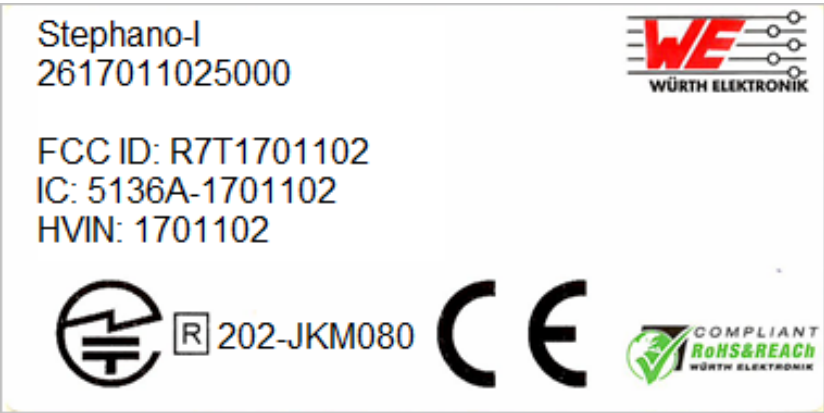

Placement of the module label

The font size used, is 2.5pt and thus smaller than 4pt (~1.27mm). The ISED and MIC number do not fit to the label due to the small size. It is part of the user manual and part of the label of the packaging.

Placement of the packaging label
