2	Phone button
3	Long press: volume up; short press: next track
4	LED indicator
5	USB charging port
6	Long press: volume down; short press: previous track
7	Built-in mic

Charging Instructions

This Bluetooth speaker comes with a built in rechargeable battery. Before using it for the first time we recommend you charge the battery fully. Only use the supplied USB cable to charge the Bluetooth speaker.

1. Connect the USB cable to the USB port on the unit.
2. Connect the other end of the USB cable to a USB port on a PC or an AC/DC adapter. The LED indicator turns red to indicate that the battery is being charged. When the battery is fully charged, the red LED indicator will turn off.

Pairing the Bluetooth speaker with Bluetooth devices (phone or music device)

1. Turn off the speaker. Make sure the speaker is power off before going to the next step.
2. Press and hold the Power ON/OFF button until the red LED light flashes, now the Bluetooth speaker is ready for pairing.
3. Turn on your Bluetooth enabled device and activate the Bluetooth function.

4. Search for the Bluetooth device, "BTS-25" will show up.
5. Pair your Bluetooth enabled device with BTS-25. If a password is needed, type in "0000". After the BTS-25 is paired with your device, connect it to your device.

Tips:

Once the speaker is paired and connected to your Bluetooth device, it automatically connect the next time as long as the Bluetooth on your device is turned on.

Control a phone call via speaker

Answer a call: Short press the Phone button.

End a call: Short press the Phone button.

Reject a call: Press and hold the Phone button for around 2 seconds.

Redial the last number: Press the phone button twice quickly.

Care and Maintenance

Read the following recommendations before using the Bluetooth speaker. Following these you will be able to enjoy the product for many years.

- Do not expose the Bluetooth speaker to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the Bluetooth speaker in a fire as it will result in an explosion.
- Don't expose the Bluetooth speaker to contact with sharp objects as this will cause scratches and damage.
- Don't let the Bluetooth speaker fall on the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the Bluetooth speaker as it may get damaged if you are not professional.

In case the Bluetooth speaker doesn't function properly, send it to the store you bought it. The staff will help you to the problem.

Specifications

Bluetooth profiles	HSP, HFP, A2DP and AVRCP
Bluetooth operating distance	10 meters (equal to 33 feet)
Frequency range	2.4-2.48GHz
Frequency response	100Hz-20kHz
Distortion	≤1%
Microphone sensitivity	-40db
Working time	Music time 6 hours, talk time 10 hours
Charging input power	DC 5V
Charging time	Approx 3 hours
Unit size	96*96*41mm
Unit weight	Approx. 150g

Note: Battery life & charging time may vary, based on usage & types of devices used.

FCC Statement:

This equipment has been tested and found to comply with the limits for Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: Modifications to this product will void the user's authority to operate this equipment.
