A photograph of a long, white, rectangular LED light fixture. The fixture is positioned horizontally and has a yellow measuring tape placed below it for scale. The measuring tape shows the fixture is approximately 23 inches long. The fixture has a white, slightly textured casing with two small circular indentations on the top surface. On the left end, there are two black wires protruding. On the right end, there are several colored wires (red, blue, green, yellow) protruding. The background is a plain, light-colored surface.
