Subject: Permissive Class II change for FCC ID: R8Y7RC04-CF100002

Dear Sir,

The Remote control for ceiling fan, Model No.: 7RC04-CF100002, FCC ID: R8Y7RC04-CF100002 needs to apply for the Class II Permissive Change due to add new model No.: 7RC04-CF100005. We replace button function let 7RC04-CF100002 Set button to become 7RC04-CF100005 Light off button. These changes are based on different software versions. We evaluated that the changed would NOT affect the RF characteristics except for the Radiated Spurious Emission test (30MHz ~ 1GHz).

The product has Radiated Emission test and compliance with the 47 CFR Part 15 Subpart C 15.249 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Sincerely Yours,

A handwritten signature in blue ink that reads "Jimmy Yang". The signature is written in a cursive, slightly slanted style.
