Change Contents: [detail reasons for permissive change here]

We add the second charger supplier into our product. The USB cable can be departed from the charger by two parts, so we want to make sure it meets the EMC and Part22/24 requirements. The characteristic of the chargers is the same as previous ones (Leader chargers), but the layout of Circuit diagram is not the same at all.

2 types of New chargers from Tenbao Industrial Co.,Ltd:

1. T5000436AGAA
2. T5000436AHAA

Sincerely,
