Columbia, MD 21046

Ref: FCC ID: RAD189

Dear Sirs:

TCT Mobile Limited, requests acceptance of the labeling proposal described below for cell phone bearing FCC identifier RAD189.

The subject cell phone are compact handheld models as shown in figure 1, authorized under 47CFR Part 22H&24E for Tablet PC services.

Figure 1.

Because the majority of the cell phone housing is composed of display, speaker, operating controls and a removable battery pack, there is extremely limited space available to attach the required label carrying the FCC identifier. Attaching the label to the battery pack is not acceptable because the battery pack is a removable item. For this reason, TCT Mobile Limited. proposes placing the label carrying the FCC identifier inside the battery compartment as shown in figure 2.

TCT Mobile

7F/A, TCL Tower, Gaoxin Nanyi Road
Nanshan District, Shenzhen
Guangdong, P.R.China 518057

TEL: +86(0) 755 3664 5211

FAX: +86(0) 755 3303 5401

Figure 2.

The consumer packaging for these models includes the battery pack as a separate item, NOT installed on the radio. As such, the FCC identifier will be readily visible to the user before the battery pack is installed and whenever the battery pack is removed or replaced. In this location, the label will also be protected from physical abuse and remain readable for the anticipated life of the device.

The consumer packaging for these models is a "gift box" which does not allow the transceiver to be seen at time of purchase. In order to meet the requirements of 47CFR Part 2.925 (d), TCT Mobile Limited, will add the FCC identifier "RAD189" to the outside of the consumer "gift box" packaging.

Thank you for your attention to this matter.

Yours Sincerely,

Juan Chen
Approval Engineer
TCT Mobile Limited
