Equipment Authorization Division
Office of Engineering and Technology
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Ref: FCC ID: RAD226

Dear Sirs:

TCT Mobile Limited. requests acceptance of the labeling proposal described below for HSPA+ USB Modem bearing FCC identifier RAD226.

The subject HSPA+ USB Modem are compact handheld models as shown in figure 1, authorized under 47CFR Part 22H&24E for GSM and WCDMA mobile services.

Figure 1.

Because the majority of the HSPA+ USB Modem housing is composed of indicators, rotating USB head, there is extremely limited space available to attach the required label carrying the FCC identifier. TCT Mobile Limited. proposes placing the label carrying the FCC identifier inside product body as shown in figure 2.

Figure 2.

TCT Mobile Limited

The consumer packaging for these models is a "gift box" which does not allow the HSPA+ USB Modem to be seen at time of purchase. In order to meet the requirements of 47CFR Part 2.925 (d), TCT Mobile Limited. will add the FCC identifier "RAD226" to the outside of the consumer "gift box" packaging.

Thank you for your attention to this matter.

Yours Sincerely,

Zhizhou Gong
Project Engineer
