

ALCATEL **onetouch**.

onetouch v100

Quick Start Guide

CJA1710ALAAA

Welcome! This manual brief is the profile of your WI-FI display dongle, about the details of how to set the management parameters, see help information on the web management page.

Getting to Know Your Dongle

- a. HDMI Port
- b. USB Port
- c. Match Key
- d. Indicator LED

How to start your Dongle

1. Plug HDMI Port into TV's HDMI port; then plug micro USB port of USB cable into V100's USB port, plug the standard USB port of this USB cable into TV's USB port;

2. Waiting for TV display the booting UI;
3. Set your mobile phone: click "Setting" -> "Display" -> "wireless display" -> "search";

4. Please click " V100-**** " item, then you can see the connection status in UI caption. Press the match key according to caption when use it at the first time. Seconds later you can see the screen of phone display on the TV.

LED Indicators

LED Indicator	Description
Solid Orange Light	Power on and booting
Green Light Blinks 3 times in a row	Start to connection
Orange Light Blinks 3 times interval of 0.5 seconds 2 times in a row	Connecting and data transmission
Orange and Green light Blink in turn	Update

Safety and Use

We recommend that you read this chapter carefully before using the Wi-Fi display Dongle. The manufacturer disclaims any liability for damage, which may result as a consequence of improper use of the Wi-Fi display Dongle or of use contrary to the instructions contained herein.

● Traffic Safety

When driving, do not use the Wi-Fi display Dongle.

When switched on, the Wi-Fi display Dongle emits electromagnetic waves that can interfere with the vehicle's electronic systems such as ABS anti-lock brakes or airbags. To ensure that there is no problem:

- Do not place the Wi-Fi display Dongle on top of the dashboard or within an airbag deployment area.
- Check with your car dealer or the car manufacturer to make sure that the dashboard is adequately shielded from Dongle RF energy.

● **Conditions of Use**

- Switch the Wi-Fi display Dongle off before boarding an aircraft.
- Switch the Wi-Fi display Dongle off when you are in health care facilities, except in designated areas. As with many other types of equipment now in regular use, the Wi-Fi display Dongle can interfere with other electrical or electronic devices, or equipment-using radio frequencies.
- Switch the Wi-Fi display Dongle off when you are near gas or flammable liquids. Strictly obey all signs and instructions posted in a fuel depot, petrol station, chemical plant, or in any potentially explosive atmosphere.
- When the Wi-Fi display Dongle is switched on, it should be kept at least 15 cm from any medical device such as a pacemaker, a hearing aid or insulin pump, etc.
- Do not let children use the Wi-Fi display Dongle without supervision.
- When replacing the cover, please note that the Wi-Fi display Dongle may contain substances that could create an allergic reaction.
- Always handle the Wi-Fi display Dongle with care and keep it in a clean

and dust-free place.

- Do not allow the Wi-Fi display Dongle to be exposed to adverse weather or environmental conditions (moisture, humidity, rain, infiltration of liquids, dust, sea air, etc). The manufacturer's recommended operating temperature range is -15°C to $+55^{\circ}\text{C}$.
- Do not open, dismantle or attempt to repair the Wi-Fi display Dongle yourself.
- Do not drop, throw or bend the USB Dongle.
- Do not paint it.

● **WEEE Approval**

The Wi-Fi display Dongle is in compliance with the essential requirements and other relevant provisions of the Waste Electrical and Electronic Equipment Directive 2002/96/EC (WEEE Directive).

- **RoHs Approval**

The Wi-Fi display Dongle is in compliance with the restriction of the use of certain hazardous substances in electrical and electronic equipment Directive 2011/65/EU (RoHs Directive).

- **FCC Regulations**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

● **RF Exposure Information**

This device meets the government's requirements for exposure to radio waves. This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government.

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. In order to avoid the possibility of exceeding the FCC radio frequency exposure limits, human proximity to the antenna shall not be less than 20cm (8 inches) during normal operation.

License

The Wi-Fi Logo is a certification mark of the Wi-Fi Alliance. Your device uses non-harmonized frequency and is intended for use in all European countries.

The WLAN can be operated in the EU without restriction

indoors, but cannot be operated outdoors in France.

General Information

- Internet address: www.alcatelonetouch.com
- Hot Line Number: see “TCT Mobile Services” leaflet or go to our website.

On our website, you will find our FAQ (Frequently Asked Questions) section. You can also contact us by e-mail to ask any questions you may have.

An electronic version of this user guide is available in English and other languages according to availability on our server: www.alcatelonetouch.com

Your device is a transceiver that operates on Wi-Fi with 2.4GHz and 5GHz, but the band 4(5.725-5.825GHz) don't use in Europe.

Users have to use the connection to USB interfaces with USB 2.0 version or higher.

The device is tested for typical body worn operation. The minimum distance between the user and/or any bystander and the radiating structure of the transmitter is 20cm.

CE 0700

This equipment is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. The entire copy of the Declaration of Conformity for your telephone can be obtained through our Website: www.alcatelonetouch.com

Disclaimer

There may be certain differences between the user manual description and the device's operation, depending on the software release of your device or specific operator services.

TCT Mobile shall not be held legally responsible for such differences, if any,

nor for their potential consequences, which responsibility shall be borne by the operator exclusively.

This handset may contain materials, including applications and software in executable or source code form, which is submitted by third parties for inclusion in this handset (“Third Party Materials”).

All third party materials in this handset are provided “as is”, without warranty of any kind, whether express or implied, including the implied warranties of merchantability, fitness for a particular purpose or use/third party application, interoperability with other materials or applications of the purchaser and non-infringement of copyright. The purchaser undertakes that TCT Mobile has complied with all quality obligations incumbent upon it as a manufacturer of mobile devices and handsets in complying with Intellectual Property rights. TCT Mobile will at no stage be responsible for the inability or failure of the Third Party Materials to operate on this handset or in interaction with any other devices of the purchaser. To the maximum extent permitted by law, TCT Mobile disclaims all liability for any claims, demands, suits or actions,

and more specifically – but not limited to – tort law actions, under any theory of liability, arising out of the use, by whatever means, or attempts to use, such Third Party Materials. Moreover, the present Third Party Materials, which are provided free of charge by TCT Mobile, may be subject to paid updates and upgrades in the future; TCT Mobile waives any responsibility regarding such additional costs, which shall be borne exclusively by the purchaser. The availability of the applications may vary depending on the countries and the operators where the handset is used; in no event shall the list of possible applications and software provided with the handsets be considered as an undertaking from TCT Mobile; it shall remain merely as information for the purchaser. Therefore, TCT Mobile shall not be held responsible for the lack of availability of one or more applications wished for by the purchaser, as its availability depends on the country and the operator of the purchaser. TCT mobile reserves the right at any time to add or remove Third Party Materials from its handsets without prior notice; in no event shall TCT Mobile be held responsible by the purchaser for any consequences that

such removal may have on the purchaser regarding the use or attempt to use such applications and Third Party Materials.
