

Statement

Wireless charging cover of ONE TOUCH 8020A conform to the specific protocol and configurations defined in the WPC protocol

Compliance Test Specification is System Description Wireless Power Transfer, Volume I: Low Power Part3: Compliance Testing, Version 1.1.2, June 2013

The data message packets are conveyed back from the wireless charging battery cover to the charger by perturbing the magnetic field and load conditions sensed by the charger during testing.

Yours Sincerely,

Qin. Yin
