Module Labeling

The following labels shall be permanently affixed to the radio module as follows:

FCC ID: RAR20001002
IC: 4674A-20001002

B2CC001AA-E

Label size is approximately 1.000" x 0.250"

Label material is white polyester with a permanent acrylic adhesive. This is a CSA/UL approved material. Print technique is thermal ink using 400 DPI resolution.

The label location is illustrated in the diagram on the next page.

In addition, the following labels are permanently fixed and clearly visible on the bottom side of the printed circuit board:

1) a silk-screened manufacturer's logo (BelAir Networks), and

2) a copper etched printed circuit board model number (B1BB001AA-E).
