FCC ID: RAR20051001 is re-submitted under a Class II permissive change

To Whom It May Concern,

The accompanying submission to FCC ID: RAR20051001 is for a class II permissive change to Limited Modular Approval of BelAir Networks ERM5 radio. This submission is strictly to allow the addition of the 5.25-5.35 GHz band to the ERM5 operating frequencies.

There have been no hardware changes to the module. Only a software change has been made to the ERM5 software to allow operation in the 5.25-5.35 GHz band.

It is the intent to utilize this module only in BelAir Networks products. The requirement for professional installation will be maintained in order to comply with all restrictions on usage laid out within the Limited Modular Approval grants of the module.

Your efforts in reviewing this application are greatly appreciated.
