Whom it may concern,

At first, for the project with FCC ID: RAYB20 accidentally the files of another (very similar) project are uploaded. The files starting with: “(GR-239xx, B20)” are of another project. Please delete these files from the exhibit list. Secondly, next to the incorrect exhibits also the correct files are uploaded. These files all begin with: “(B20)”.

Best regards,

Ir. Willem Jan Jong
