Subj: AUTOMATIC IDENTIFICATION SYSTEMS CLASS B (CSTDMA); INITIAL APPROVAL

We have reviewed the materials submitted by Mr. Edison Li of SGS-CSTC Standards Technical Services on your behalf requesting approval of the NRS-2. This unit meets the requirements of the applicable AIS Class B CS international standards. The Certificate of Approval (COA) is enclosed.

Each COA will remain valid for five years from the date of issuance, unless we suspend, withdraw, or terminate it. Terms of approval are on the reverse of the certificate. Any changes or alternation of components, construction or manufacturing location of the products may require the products to undergo additional testing, or requalification in order to keep their approval.

This letter and all attachments were delivered electronically to [John.Lloyd@navico.com](mailto:John.Lloyd@navico.com). No hard copies will be provided. You are welcome to print as many copies as you wish. If you have any follow-up to this approval, please contact Matt Meacham at [typeapproval@uscg.mil](mailto:typeapproval@uscg.mil). Please reference ID#: 2020-3703 in any correspondence related to this project.

Sincerely,

A handwritten signature in blue ink that reads "A. M. Garofalo".

A. M. GAROFALO,  
Lieutenant Commander, U.S. Coast Guard  
Chief, Systems Engineering Division  
Office of Design and Engineering Standards  
By direction

Encl: U.S. Coast Guard Certificate of Approval Numbers 165.156/57/0 dated 12 Nov. 2020
