Mr. John Lloyd
Navico Auckland Limited
Arrenway Drive
Rosedale Auckland 0632
NEW ZEALAND

Subj: AUTOMATIC IDENTIFICATION SYSTEMS CLASS B (CSTDMA); APPROVAL

We have reviewed the materials submitted by Mr. Edison Li of SGS-CSTC Standards Technical Services on your behalf requesting re-approval of the NRS-2. This unit meets the requirements of the applicable AIS Class B CS international standards. The Certificate of Approval (COA) is enclosed.

Each COA will remain valid for five years from the date of issuance, unless we suspend, withdraw, or terminate it. Terms of approval are on the reverse of the certificate. Any changes or alternation of components, construction or manufacturing location of the products may require the products to undergo additional testing, or requalification in order to keep their approval.

This letter and all attachments were delivered electronically to John.Lloyd@navico.com. No hard copies will be provided. You are welcome to print as many copies as you wish. If you have any follow-up to this approval, please contact LT Catherine Paris at typeapproval@uscg.mil. Please reference ID#: 2021-1785 in any correspondence related to this project.

Sincerely,

F. A. STROM,
Commander, U.S. Coast Guard
Chief, Systems Engineering Division
Office of Design and Engineering Standards
By direction

Encl: U.S. Coast Guard Certificate of Approval Numbers 165.156/57/1 dated 11 Aug. 2021
