Re: Request for Confidentiality

In accordance with 80.459 of CFR 47, Trackcom Ltd requests confidentiality for the following items:

1. Block Diagram
2. Schematic Diagram
3. Operational Description
4. Parts Listing

These items contain details system and equipment description and related information about the product which Trackcom Ltd considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Trackcom Ltd also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Yours faithfully

Greg D Ellaway
Managing Director
