Care & safety precautions

• During charging, keep your device and charger near room temperature for efficient battery charging.
• New batteries are not fully charged.
• New batteries or batteries stored for a long time may take more time to charge.
• The included charger is intended for indoor use only.
• Do not use the tablet or charger in wet or damp areas.
• Do not use the tablet or charger for an extended period of time.
• Do not attempt to disassemble, repair or modify the tablet yourself.
• Do not use the tablet or charger for an extended period of time.
• Avoid pulling any liquid on the tablet.
• Do not use the tablet or charger with all cables and turn off the tablet.
• Do not attempt to use the tablet with an external power source.
• Unplug all cables and turn off the tablet before cleaning.
• Use a soft, lint-free cloth to clean the tablet and display.
• Avoid getting moisture in open ports.
• Do not use household cleaners, solvents, alcohol, or abrasives to clean the tablet.
• Do not use the tablet for paper and safe conditions. If there is any damage, or broken parts, remove the tablet from use.
• If you notice the screen (display) is cracked or cracked, immediately remove the product from use and contact Customer Support.
• It is not possible for screens to be triggered by light flashes or patterns such as those on computer or TV screens. To reduce exposure to this potential hazard, always maintain an appropriate distance from the screen and take 10- to 15-minute breaks every hour.
• Cords could be a strangulation hazard.
• Keep out of reach of children under 3 years of age.
• Children pulling on the cord could cause the computer monitor or other equipment to which the device is connected to fall with possibility of property damage, serious injury or death. Adult supervision required during use.
• Long-term exposure to loud sounds, at high volume, may result in permanent hearing loss.
• When using headphones or earbuds, it is recommended that the product is listened to at lower volumes for shorter periods of time. Set the volume while in a quiet environment, turn the volume down if you cannot hear the people speaking near you. Limit the listening time to 90 minutes, followed by a quiet period. The louder the volume, the less time required before your hearing may be affected.
• If you experience ringing in your ears or hear muffled speech, stop listening and have your hearing checked.

Correct: Tap the touchpad to select.

Incorrect: Do not push down on the touchpad.

Legal information

FCC Part 15: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment. Warning: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. *This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. *Shielded USB cables must be used with this unit to ensure compliance with the Class B FCC limits.

Information Regarding Exposure to Radio Frequency Energy
Your device is designed and manufactured not to exceed the emission limits for exposure to RF energy set by the Federal Communications Commission of the United States (FCC). Information on your device is on file with the FCC and can be found under the Display Grant section of <http://www.fcc.gov/ovr/> after searching on the FCC ID for your device, which can be found on the back of the device.

If your electronic device has internal memory on which personal or other confidential data may be stored, you may want to perform a data sanitization process before you dispose of your device to assure another party cannot access your personal data. Data sanitization varies by the type of product and its software, and you may want to research the best sanitization process for your device before disposal. You may also check with your local recycling facility to determine their data sanitization procedures during the recycling process.

Battery Disposal & Recycle
This device contains a lithium-ion battery. The battery must be recycled or disposed of properly. Contact your local waste management office for information on battery recycling or disposal.
