## Statement

**We**

Applicant name: Shenzhen Jingwah Information Technology Co., Ltd.

Applicant address: 4F, Bldg 4, Jinghua Square, No.1 Huafa North Road, Futian District, Shenzhen, China

Product name: Tablet PC

FCC ID: RBD-M434

Now we apply to cancel the FCC ID: RBD-M434. The device has not been sold or marketed anywhere with FCC ID RBD-M434.

Because we made a careless mistake: We product name TabletPC have one model M434,the model should be apply FCC ID: RBD-M434,but when we apply the FCC ID,we use the wrong model sample to test. when I received the FCC ID(RBD-M434) certificate this morning, immediately, we find the mistake, so we need to modify it.

As we have already signed the order with our customer which used the FCC ID RBD-M434, including the bill of lading /TT, such as other documents, are all written by the FCC ID, so, if we can't use the FCC ID (with the right product sample), our losses will be particularly large, and at the time of communication with the customers, we will be particularly passive, also will produce large loss. So, please be sure to help me to cancel this certificate. Many many thanks.

And, At the same time, we will provide the new test report with correct sample M434 immediately, to apply for RBD-M434 FCC ID, because only in this way, we don't produce some unnecessary trouble.
