**Subject:** TSANN KUEN GROUP, FCC ID: RBJ-TSKM320X, Assessment NO.: AN06T6032, Notice#1

Question #1: Based upon FCC 2.925 (a) The FCC Identifier shall be preceded by the term FCC ID in capital letters on a single line. The proposed label format does not meet the requirement:

- a) The proposed label shows "FCC:" instead of "FCC ID:".
- b) The ID contains lower case: "RBJ-TSKM320x", instead of "RBJ-TSKM320X".
- c) The grantee code is wrong, should be "RBJ" instead of "RDJ".

<Answer> FCC ID label is revised. See attached.

Question #2: The request for confidential letter lists both "Schematic diagram" and "Electrical circuit diagram". Please explain what is the difference between them, I can only find "Schematic diagram" in the filing. Please either remove "Electrical circuit diagram" from the letter or provide the document asap.

<Answer> Please see attached Electrical Circuit diagram.

Question #3: The test report (page 4) indicates "Model Names: 1)TSK-M3204ME (2)TSK-M3204MEQ The difference in above models is in PCB layout". It implies both models share the same schematics or functional block diagram, which is not true. Please specify model differences clearly. The user manual of TSK-M3204MEQ shows Grill Output 1300W, is it the major difference?

<Answer> Yes, TSK-M3204ME has microwave function only, but TSK-M3204MEQ has microwave and grill function. Model difference in the test report is revised. See attached report.

Best Regards,  
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
