Dear Sir or Madam:

RE: Application for Confidentiality pursuant to 47 C.F.R. Section 0.459 for FCC ID
RCEiCell800-1

TELOS Technology (Canada), Inc. (FRN 0009334160) requests that all the schematics, the detailed circuit description, the block diagram, the theory of operation, the tuning instructions document and all copies of these documents submitted for FCC ID RCEiCell800-1 remain confidential and withheld from routine public inspection due to the proprietary commercial information disclosed therein. These documents detail the exact nature of how our product is designed and would rapidly enable a competitor, without significant capital investment, to replicate our product.

Please direct any questions or comments regarding this request to the undersigned.

Kind regards,

Richard LaLau, P.Eng.
Director, Base Station Development
