Subject: Request for Confidentiality of Information Used in Certification of the
LOUDMOUTH1 Electronic Animal Caller System
(FCC ID: RCH-LM)

Dear Sir / Madam;

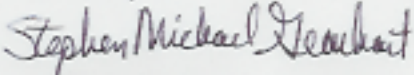

As permitted by 47 CFR 0.457 and 0.459 I am requesting confidentiality for the following portions of the electronic Form 731 submission for the Loudmouth1 Electronic Animal Caller:

- 1) System Description
- 2) Schematics:
 - a. Transmitter
 - b. Receiver
 - c. Main Unit
- 3) Block Diagrams:
 - a. Transmitter
 - b. Receiver
 - c. Main Unit

Confidentiality is requested to prevent technical advantage to Loudmouth competitors. Proprietary technical design detail was provided to facilitate the review of the design by the FCC. Competitor access to these intimate design details of the Loudmouth1 Animal Caller would cause harm to Loudmouth Calls, Inc. in that they would have a head start in a design without paying for the design as Loudmouth Calls, Inc. had to.

If you have any questions or need any additional information, please contact me at (610) 363-3070 or mgearhart@apdmfg.com.

Sincerely

 24 July, 2003

Stephen Michael Gearhart Date
