Subject: Label proposal letter
FCC ID: RCSKWR60A

Dear Sir,

Philips Electronics Singapore Pte. Ltd. requests acceptance of the labeling proposal described below for Bluetooth remote control, FCC ID: RCSKWR60A

We propose placing the label carrying the FCC ID inside the battery compartment as shown below:

The reason to place the FCC ID inside battery compartment is due to constraint of product ID.

In order to meet the requirements of 47 CFR Part 2.925 (d), Philips will add the FCC ID on the outside packaging.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Ter Yin Chuan', with a stylized flourish at the end.

Ter Yin Chuan
Engineer
Philips Electronics Singapore Pte. Ltd.
