Dear Tim:

RCU is the correct grantee code for Inteligain. I am sorry for the fat finger error. I got RCT the first time, but it would not accept my credit card for payment on three successive entries. When I tried to get it again, it would not let me in so I had to reregister. When I did and placed the same credit card in the payment it accepted it, and gave me a receipt. I will notify Bette Taube.

Regards

Leon
