

In1852
User Manual

Overview

Activating Earphones

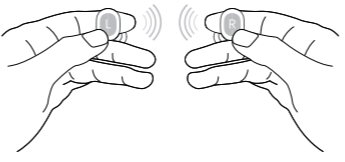

Insert both EarBuds into the charging case to activate them. Note: in case earphones fail to be charged, please charge the case via USB cable.

TWS Pairing

Insert both EarBuds into the case to activate them. Then take them out and they will auto power on and then auto connect with each other. Right EarBud will auto enter pairing mode when LED on left EarBud turns off. On cellphone, search for In1852_R and tap to connect both EarBuds with cellphone.

(please try the following steps if earphones fail to auto pair)

Take out both EarBuds then power off them and hold MFBs for 20s or until LED blinks red and white. Hold MFBs for 1s again to power on(LED blinks red and white twice). EarBuds will auto pair with each other once power-on. Right EarBud will auto enter pairing mode when LED on left EarBud turns off. On cellphone, search for In1852_R and tap to connect both EarBuds with cellphone.

Note: in case two EarBuds fail to be paired with each other in 20s, they will auto enter pairing mode.

Functions

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
