If left uncorrected for a long while, the headset will exit pairing mode, please re-enter the mode. If a procedure error of your phone occurs, reboot it; if a procedure error of the headset occurs, reboot or reset it.</li> </ol>	<p>6. If the two units can not connect with each other automatically when switched on, please hold the MFB of both units and the white light is on their nose then approaching each other and wait for the connection completed.</p> <p><b>Caution</b></p> <ol style="list-style-type: none"> <li>Never disassemble or modify your headset for any reasons to avoid any damages and danger.</li> <li>Do not store the headset in extreme temperatures (under 0°C or over 45°C).</li> <li>Avoid using the headset close to the eyes of children or animals.</li> <li>Do not use this headset during a thunderstorm to avoid irregular function and increased risk of electric shock.</li> <li>Do not use harsh chemicals or strong detergents to clean the headset.</li> <li>Keep the headset dry.</li> </ol>	<p><b>FCC Statement</b></p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio communications, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> <li>Reorient or relocate the receiving antenna.</li> <li>Increase the separation between the equipment and receiver.</li> <li>Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.</li> <li>Consult the dealer or an experienced radio/TV technician for help.</li> </ul> <p>The device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:</p> <p>(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>
