Class II Permissive Change for PANMOD Bluetooth module FCC-ID: RFD-PANMOD1

Dear Application Examiner

We kindly apply for a Class II Permissive Change for our modular approved Bluetooth Transceiver (FCC-ID: RFD-PANMOD1).

The equipment fulfills the technical standards and rules of the rule part under which it operates.

This permissive change shall enable the PANMOD to be used in co-location with an additional modular approved transmitter (FCC-ID: HSW-2410G) for the application in a "RX1250T" (FCC-ID: RFD-RX-T).

Please contact us if you have any additional questions.

Best regards
