Subject: Request for withholding from public disclosure, schematics, block diagrams, assembly drawings, and any associated text descriptions and/or theory of operation.

Gentlemen,

Strix Systems, Inc., would like to request that all schematics, block diagrams, assembly drawings, and any associated text descriptions and/or theory of operation submitted with our application for certification, be withheld from public disclosure per Section 0.459 of the FCC rules.

This request is made under the provisions of Section 0.457(d) of the Commissions rules, and Section 552(b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any questions or need any additional information, please feel free to call me at 805-777-7911.

Sincerely,

Bruce Brown
