

Response to E05-000053-1

1. Files have been uploaded to address the accreditation issue.
2. A revised confidentiality letter have been uploaded.
3. That was my mistake. Please just use the range for the 731 form.
4. The customer states this information was provided to Randy a few weeks ago.
5. DigitalPath sells the equipment through a wholesale relationships that have professional installers such as partnering ISP's over our network and licensee's of the technology whom also employ professional installers. DigitalPath is a retail ISP itself, that was what I meant by a retail basis. The equipment is not meant for inside the home but only on the rooftop.
