

15.407(f) U-NII devices are subject to the radio frequency radiation exposure requirements specified in §1.1307(b), §2.1091 and §2.1093 of this chapter, as appropriate. All equipment shall be considered to operate in a “general population/uncontrolled” environment. Applications for equipment authorization of devices operating under this section must contain a statement confirming compliance with these requirements for both fundamental emissions and unwanted emissions. Technical information showing the basis for this statement must be submitted to the Commission upon request.

This device complies with section 15.407(f) in that this equipment operates as a fixed transmitter and is installed professionally. In accordance with the grant conditions, the antennas used with this device must be fixed mounted on outdoor permanent structures. The provisions of 2.1091 and 2.1093 do not apply to this equipment.
