Dear Application Examiner,

Telit Communications SpA, Models GE863-Quad, GE863-PY, FCC ID# R17GE863 and GM862-Quad, GM862-Quad-PY, FCC ID# R17GM862, would like to have your authorization for approval as modules for installation into the final devices, as they meet the following criteria:

. The final device is designed for mobile or fixed operation (Portable is not permitted – Reference TCB Exclusion List (17 July 2002) II(g)).

. The maximum antenna gain to allow compliance with RF exposure requirements (+3 dBm) is listed on the Grant of Certification for the module.

. The licensed module has an FCC ID label on the module itself.

The FCC ID label will be visible through a window on the final device or it will be visible when an access panel, door or cover is easily removed. If not, a second label will be placed on the outside of the final device that contains the following text:

"Contains FCC ID: R17GM862 "or " Contains FCC ID: R17GE863"

. The Grant shall include the following words in the device description or grant notes:
"modular transmitter" or "transmitter module"

Best Regards
