

*Testing Tomorrow's Technology*

Wednesday, June 21, 2006

To: Mr. Doug Noble

ATCB

RE: Telit Communications S.p.A.

FCC ID: R17GM862

Below are responses to your comments on this Application.

1.) External and Internal photos must show backside of PC boards. Please revise External and Internal photos.

Revised and uploaded.

2.) Some of the files and the 731 request confidentiality. There is no confidentiality letter included with this application. Please upload confidentiality letter.

Uploaded.

3.) Please upload Licensed Modular Approval letter with all questions answered.

Uploaded.

4.) Page 45 of the test report frequency stability section. Limit states 2.5ppm your table shows 9.1ppm. Please explain or retest.

Original testing was conducted with improper settings of the spectrum analyzer.

The unit was re-tested, and passing results have been provided in the uploaded rev1 of Test Report Part 5.

5.) Application show request for Canadian certification. There doesn't seem to be any Industry Canada forms with this application. Was Canadian request in error?

No, IC is requested. IC forms have now been uploaded. These forms were delayed awaiting Canadian Representative information.

Please contact me with any further comments,

Sincerely,

A handwritten signature in black ink, appearing to read 'L. Feudi'.

Louis A. Feudi
