

Declaration of similarity

Date: **February 06, 2012**
REF: **FCC ID: RI7HE910**
IC: **5131A-HE910**

Models: **HE910**
HE910-GA
HE910-D
HE910-G1

We,

Telit Communications S.p.A.
Via Stazione Di Prosecco 5/B,
Trieste 34010
Italy

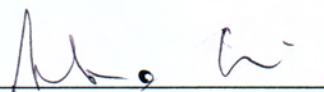

Declare under our sole responsibility the similarity between the models HE910, HE910-GA, HE910-G1 and HE910-D being the only differences the detailed ones in the following table:

Model	Differences respect to the parent product <u>HE910</u>
HE910	N/A
HE910-GA	HW is identical but transmission/reception in 3G band FDD IV has been disabled by software.
HE910-G1	HW is identical but the communication ports enabled by SW are different.
HE910-D	GPS components have been depopulated from the PCB board and SW related with GPS functionality has been removed.

Based on these differences, we confirm that test results for parent product HE910 are fully applicable and representative for the models HE910-GA and HE910-D except those test results related with transmission/reception in 3G band FDD IV which are not applicable to HE910-GA.

If you have any doubt please do not hesitate to contact us.

Yours sincerely,

Antonino Sgroi
EMEA R&D Manager
