**Ref: FCC Modular approval letter for FCC ID: RI7LE910C1NA**

To whom it may concern:

The following attestation addresses the fourth requirements to support modular approval:

- This device is designed for mobile or fixed operation; portable operation is subject to a Class 2 permissive change application or to a new and separate FCC ID.
- The maximum antenna gain is limited to 0.63 dBi for the 850 MHz frequency band, 5 dBi for the 1700 MHz frequency band, 2,51 dBi for the 1900 MHz frequency band and 5.63 dBi for the 700 MHz frequency band, as calculated in the RF exposure exhibit.
- The product has a FCC ID label on the device itself. Also, the OEM host end product manufacturer will be informed to display a label referring to the enclosed module. The exterior label will read as follows: "Contains Transmitter Module FCC ID: **RI7LE910C1NA**" or "Contains FCC ID: **LE910C1NA**".
- We request to include in the grant the following words in the device description or grant notes: "modular transmitter" or "transmitter module".

If there are any additional questions or if further information is needed, please contact us.

Sincerely,  
P.A.

A handwritten signature in blue ink, appearing to read 'Brian Tucker', enclosed within a blue oval scribble.
