FEDERAL COMMUNICATIONS COMMISSION (FCC)  
Equipment Authorization Division, Application  
Processing Branch  
Mills Road  
7435 Oakland  
Columbia MD 21046  
USA

Ref: Request for dismissal for FCC ID: **RI7NE910C1NA**

We,

**Telit Communications S.p.A.**  
Via Stazione di Prosecco 5/B  
34010 Sgonico (TS)  
ITALY

hereby request the dismissal of the grant of equipment authorisation of the device with FCC ID: **RI7NE910C1NA**.

As a pioneer module using NB-IoT technology, the module faced difficulties to demonstrate compliance with the band edge requirements of the FCC rules. To properly test band edge measurements and to show full compliance with the FCC rules following the existing measurements procedures, a firmware update from the chipset manufacturer was required to be implemented, but in the meantime the business opportunities related to NE910C1-NA disappeared and due to that we stopped the product development.

For these reasons, the device with FCC ID: **RI7NE910C1NA** was never put on mass production and, so that, this product has not been marketed or sold in the US or sold in any other country labeled with that FCC ID

If you have any doubt, please do not hesitate to contact us.

Sincerely,

DocuSigned by:
