RE: FCC ID: RIASJMRFMERLIN

Dear People:

We have superseded the original Test report exhibit in each part of this composite application. A replacement Test report has been uploaded to replace the originally-filed test reports.

Reason: The client requested short-term confidentiality for the test setup photos, which was provided. However, test setup photos were also contained in the test reports, and this was overlooked. The new reports "Test report A" have the setup photos deleted.

Your authorization to proceed is appreciated.

Sincerely,

Roland Gubisch
