Subject: Request for Confidentiality
FCC ID: QIPMC55i

To Whom It May Concern:

In accordance with §0.459 of CFR 47, **Siemens AG, Wireless Modules** requests
confidentiality for the following items

1. Block Diagram (Exhibit 4)
2. Schematic Diagram (Exhibit 5)
3. User Guide / Installation Manual (Exhibit 8)
4. Part List/Tune up procedure (Exhibit 10)
5. Operational Description (Exhibit 11)

These items contain detailed system and equipment description and related information about the product which Siemens AG considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, Siemens AG also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

The Installation Manual contains detailed information to integrate the Product (Module) into a end Application and is only for system integrators and not intended for End users.
