

Purpose: This document is to provide the text required for labeling and compliance with governmental and industrial agencies.

Revision: 1.0

Scope: The current agency compliance is only for FCC. Other agencies will follow as soon as product compliance is accepted.

Text for the WDU: 7pt font, Arial, Ink color Black

LaserShield Systems, Inc. Model Number: WDU-0013301
FCC ID: RIHW0013300
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
Serial#
Only use the Supplied UL Approved Power Adapter
Made in China Patents Pending, All Rights Reserved

Label: The label should be 63 mm x 31 mm with rounded corners that is permanently affixed to the battery door recess. Label must have ink that will not easily come off by flaking or scratching. The supplier will determine label material. Background color of the label shall closely match the color of the unit with text ink color in contrast to the background.

FCC ID: RIH is the FCC-assigned grantee code; W0013300 is the unique product code for the device.

The serial number would be a label added on top of the product label.

Color configuration:

Background- light gray/silver color (PMS 877U)

Text Ink- black color

Battery door Recess
