Subject: ZINWELL CORPORATION, FCC ID: RIW-ZW-2000-22, Assessment NO.: AN06T6105, Notice#1

Question #1: The user manual and operational description all indicate "REMARK :Channel 1 ~~ 11 by firmware disabeled in U.S.A." Please verify if it is true. Do you mean "only Channel 1 ~~ 11 will be enabled, channel 12-14 will be disabled by firmware in USA"?

Ans: The user manual had been revised, please see page 11.

Question #2: The test report does not indicate clearly which external dipole antenna is used: 12dBi or 9dBi? Please update section 3.5 Description of test modes to indicate worst case.

Ans: The test report had been revised on page 7.

Best Regards,

Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
