

SETUP PHOTOGRAPHS

This document contains 8 photographs

Photograph No.1
Occupied bandwidth measurement setup

Photograph No.2
Spurious radiated emissions measurement setup in the anechoic chamber
in 9 kHz to 30 MHz band

Photograph No.3
Radiated emissions measurement setup in the anechoic chamber
in 30 MHz to 1000 MHz band

Photograph No.4
Spurious emission field strength measurement setup in the anechoic chamber
above 1000 MHz

Photograph No.5
Spurious emission field strength measurement setup at the OATS in X-axis position

Photograph No.6
Spurious emission field strength measurement setup at the OATS in Y-axis position

Photograph No.7
Spurious emission field strength measurement setup at the OATS in Z-axis position

Photograph No.8
Spurious emission field strength measurement setup at the OATS
