Dear Mr. Noble:

Below you will find the information that was requested in your letter on October 21, 2003.

Revised, as you suggested, FCC ID label that now complies with Part 2 section 925 is uploaded to ATCB www. We also have relocated the label to the back side of the transmitter.

Substitute Letter of request for confidentiality is uploaded also

Our customer needs to know if the FCC work is already completed. Is the ATCB done with certification, can they now start printing FCC labels?

I hope these answers are sufficient. If there are any further questions, please feel free to email me or call me back .

Sincerely,

A handwritten signature in black ink, appearing to read "Leon Kogan".
