

ID Label and Location

LTE-MBC-NAR
 174 0021 1 and 174 0121 1
 RK7MBC-NAR

The difference in model **174 0121 1** is only a plastic cover and the model **174 0021 1** is an integral part of models 17401211.
 If the plastic cover of 17401211 is removed, than the 17400211 appears. This plastic cover was designed to realize a mechanical backward compatibility to older car lines and to provide mounting options.
 A removal of the plastic cover has no influence to the electrical function or certification relevant parameters of the device.
