Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: **RK9-CBV384Z4**, Original grant date: March 2, 2021

The major change filed under this application is :

- 1. Enable DFS Master function.
- 2. MPE information is provided to demonstrate RF exposure Compliance.
- 3. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
- 4. The RF parameters of this transmitter that may affect compliance are remained unchanged in this permissive change application.
- 5. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
- 6. This modification is only concerned with adding DFS band (5250~5350MHz & 5470~5725MHz) by SW setting.

Sincerely,

(Signature) Ken Su
