RE: i. Tech Dynamic Limited

FCC ID: RKI-A05022-XX

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) Please provide an actual label for this device. In addition, I caution that this Bluetooth dongle can also qualify as a "computer peripheral", consequently either DofC or Certification would also apply. Please advise us of your decision.
- 2.) If the Applicant decides there is insufficient room on the device to place the two-part 15.19 statement on the Label, then kindly be sure that this statement occurs in the Manual.
- 3.) The Manual is also missing the required 15.21 "Information to User". Please review.
- 4.) Manual must have RF Exposure cautions against co-location with any other antenna or transmitter. Please review.

William H. Graff
President and Director of Engineering

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
