Dear Sir/Madam,

We, PARROT SA company, would like to request that the schematic and BOM submitted with the application for certification be withheld from public disclosure as per Section 0.459 of the FCC rules. This request is made under the provisions of Section 0.457(d) of the Commission's rules, and Section 552(b) of the Freedom of information Act. Our product is a hands free car kit for the mobile phone using a Bluetooth technologie. We have any competitors in this domain. This is the reason for which we make the schematic document submitted confidential.

If you have any queries, please do not hesitate to contact us.
