

DECLARATION OF CONFORMITY :

Commercial name of the product : EASYDRIVE

The product have been performed an FCC certification by EMITECH laboratory at Angers (France).

This equipment, hands free bluetooth car kit, is not a portable equipment and is destined to work with a distance superior than 20 cm from users.

It respect the limitations of the human exposition to radio frequencies fields.

Evaluation of the radiofrequencies radiations of the product :

Output Power : **398,1 μ W**

Gain of the antenna : **0 dBi**

Distance : **0.20 m**

Value of the field calculated with the formula : $V / m = \frac{\sqrt{30 \times G \times P}}{D}$

0,55 V/m at 0,20 m.
