IMPORTANT SAFETY INSTRUCTIONS

1. This apparatus shall not be exposed to dripping or splashing and no object filled with liquid, such as vases, shall be placed on the apparatus.
2. The AC/DC adaptor which provides disconnection from mains supply shall remain readily operable. Unplug this apparatus when unused for long periods of time.
3. Read these instructions
4. Keep these instructions
5. Heed all warnings
6. Follow all instructions
7. Do not use this apparatus near water
8. Clean only with dry cloth
9. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
10. Do not install near any heat as radiators. Heat registers, stoves or other apparatus (including amplifiers) that produce heat.
11. Do not defeat the safety purpose of the polarized or grounding type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
12. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
13. Only use attachments/accessories specified by the manufacturer
14. Unplug this apparatus during lightning storms or when unused for long periods of time.
15. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or AC/DC adaptor is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
16. **WARNING:** To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. This apparatus is designed for indoor use only.

INTRODUCTION

The *Bluetooth*[®] technology enables voice and data to be sent via a short-distance radio link. It allows several electronic devices to communicate with each other.

Parrot draws on its long years of experience in the *Bluetooth* technology to offer you the Parrot PHOTO VIEWER 7", an innovative photo frame. You can send your photos to the Parrot PHOTO VIEWER 7" from your mobile phone, PDA or computer by *Bluetooth*.

The Parrot PHOTO VIEWER 7" is an LCD photo frame (720 x 480 pixels) that can store over 500 photos. You can configure the display by programming slideshows or by rotating the frame. The Parrot PHOTO VIEWER 7" sports a stylish design, blending in seamlessly inside the home, and also adapts its brightness setting to suit the room. The Parrot PHOTO VIEWER 7" can tell you the time just like a clock.

KIT CONTENTS

The kit contains:

- An LCD frame
- A transformer
- A metal rod to be screwed into the frame (the rod helps to support the frame)
- A wall bracket
- A clip system (for fixing the power lead along the side of the frame)
- A user guide
- A Parrot product guide

QUICK START GUIDE

- Screw the metal rod into the back of the frame.
- Plug the power lead connector into the transformer.
- The Parrot PHOTO VIEWER 7" automatically switches on.
- Choose the language to be used by the Parrot PHOTO VIEWER 7" (refer to the section entitled «Description of the Icons and Features» in the «Settings» chapter).

NOTE: THE FRAME CAN ALSO BE HUNG ON THE WALL. IN THIS CASE, SCREW THE HOOK INTO THE BACK, INSERT THE CLIPS INTO THE SLOTS PROVIDED AND RUN THE POWER LEAD THROUGH THE CLIPS. IF YOU ROTATE THE FRAME, THE PHOTO DISPLAYED TURNS TO MATCH THE NEW POSITION OF THE PARROT PHOTO VIEWER 7"

MENU STRUCTURE

Scrolling Through the Menu

Moving Through the Menu

- You can scroll through the menus using the buttons on the back of the Parrot PHOTO VIEWER 7". To access the main menu, press  the button on the back of the frame.

Select buttons:

-  : Move left or up, depending on the frame's orientation. It can also be used to select the previous photo.
-  : Move right or down, depending on the frame's orientation. It can also be used to select the next photo.

Enter button:

- The button  : Enters the selected menu or selects a photo.

The icon door takes you back to the previous menu or exits the menus.

Main Menu

Description of the Icons and Features

-  : Returns to the previous menu.
-  : Turns the photo to the right.
-  : Displays the photos as thumbnails.
-  : Organises the order in which the photos are displayed.
-  :
 - Delete Current Picture: deletes the picture currently displayed.
 - Delete Several Picture: delete the selected pictures.
 - Delete All Pictures: deletes all the pictures.
-  : For choosing and creating slideshows.
-  : For adjusting the display and *Bluetooth* settings.

-  : Provides information on the software built into the Parrot PHOTO VIEWER 7", the memory status and the picture displayed.

Settings

The «Settings» menu can be accessed from the main menu.

Description of the Icons and Features

-  : Returns to the main menu.
-  :
 - Visibility: makes the Parrot PHOTO VIEWER 7" visible or invisible to other *Bluetooth* devices.
 - Frame name: for selecting the pre-recorded *Bluetooth* name by which the frame will be detected by other *Bluetooth* devices.
 - Advanced mode: for selecting a specific or standard pairing mode depending on the model of your *Bluetooth* phone (for further information, visit the Support heading on our website at www.parrot.com).
-  : Adjusts the brightness of the display. You can adjust the screen brightness using the «Select» buttons on the back of the Parrot PHOTO VIEWER 7"; press the «Enter» button to confirm.
-  :
 - Automatic: the screen's backlight level is controlled by an algorithm that uses a light sensor built into the frame. This is the default setting.
 - Manual: the backlight is always on. Use the ON/OFF button on the power lead to enable the screensaver.

- Predefined Time: a predefined time range determines when the screen is backlit.
You will be prompted to set the time on the Parrot PHOTO VIEWER 7”.

NOTE: YOU CAN ACTIVATE THE SCREENSAVER BY QUICKLY PRESSING THE ON/OFF BUTTON ON THE POWER LEAD. IF THE STANDBY MODE IS SET TO «AUTOMATIC» OR «PREDEFINED TIME» MODE, THEN THE PARROT PHOTO VIEWER 7” IS SET TO «MANUAL» MODE UNTIL THE NEXT ILLUMINANCE LEVEL OR PREDEFINED HOUR IS REACHED.

-  : Select the required language.
-  : - Time: adjust the time using the «Select» buttons. Press the «Enter» button to confirm.
- Visibility: Enable / Disable the permanent time display. This is the default setting.
- Format: Select the format of the displayed time.(AM/PM)
-  : Restores the factory settings (doing so does not delete your photos).

USING FOR THE FIRST TIME

Prior to using your Parrot PHOTO VIEWER 7" with your phone / computer for the very first time, you must initially pair the two devices. This procedure allows both devices to exchange information in order to configure a *Bluetooth* connection.

Pairing Your Phone or Computer with the Parrot PHOTO VIEWER 7"

- Ensure that the Parrot PHOTO VIEWER 7" is adjusted so that it is visible to all *Bluetooth* devices. Refer to the «Settings» chapter in this guide.
- Activate the *Bluetooth* feature on your phone/computer (refer to your phone's or computer's user guide or visit the Support heading on our website at www.parrot.com).
- Search for *Bluetooth* devices on your phone/computer.
- Select the Parrot PHOTO VIEWER 7" in the list of *Bluetooth* devices proposed by your phone / computer.
- On your phone / computer, enter the code «0000».
- Your two devices are now paired.

Note: with some phones, you must enable the «Specific reception mode» option in the «Advanced mode...» menu prior to pairing your phone with the Parrot PHOTO VIEWER 7" (available in the «Settings \ *Bluetooth*» menu). For further information, visit our website at www.parrot.com

NOTE: DEPENDING ON THE MODEL OF YOUR PHONE / COMPUTER, THIS PHASE MIGHT BE OPTIONAL. HOWEVER, IT WILL ENABLE YOU TO SEND YOUR PHOTOS TO THE PARROT PHOTO VIEWER 7" MORE QUICKLY.

Sending Photos

Sending from a Phone or PDA:

- Ensure that the Parrot PHOTO VIEWER 7" is adjusted so that it is visible to all *Bluetooth* devices. Refer to the «Settings» chapter in this guide.
 - Activate the *Bluetooth* feature on your phone or PDA.
 - On your phone/PDA, go to the «Pictures» menu. Select a picture and choose «Send by *Bluetooth*».
- Your device starts searching for *Bluetooth* peripherals.
- Once the search has finished, select your Parrot PHOTO VIEWER 7". If your device prompts you to enter a code, type «0000». The picture is then sent to the Parrot PHOTO VIEWER 7". Several pictures can be sent at the same time, though this feature will depend on your device.
 - During transmission, the *Bluetooth* icon appears on the screen and the picture is displayed.

Sending from a Computer:

- Ensure that the Parrot PHOTO VIEWER 7" is adjusted so that it is visible to all *Bluetooth* devices. Refer to the «Settings» chapter in this guide.
- Activate the *Bluetooth* feature on your computer.
- Right-click on the picture that you wish to send and choose «Send by *Bluetooth*».
- Your PC will search for any nearby *Bluetooth* peripherals.
- Select your Parrot PHOTO VIEWER 7". Type «0000» if your PC prompts you to enter a code.
- During transmission, the *Bluetooth* icon appears on the screen and the picture is displayed.

Note: if you are unable to detect the Parrot PHOTO VIEWER 7", you might have inadvertently made the *Bluetooth* frame invisible to other devices. Refer to the «Settings» chapter in this guide. However, if your *Bluetooth* device is already paired to the frame, it can always connect to the Parrot PHOTO VIEWER 7".

NOTE: FOR FURTHER INFORMATION ON THE MODE FOR SENDING PHOTOS, REFER TO YOUR PHONE'S USER GUIDE OR VISIT OUR WEBSITE AT www.parrot.com

SETTINGS

The Parrot PHOTO VIEWER 7" allows you to adjust several settings. You can fully manage the frame's display, such as determining the order in which pictures appear, creating slideshows and displaying the time. You can also change the orientation of the Parrot PHOTO VIEWER 7".

Picture Display Order

- Access the main menu of the Parrot PHOTO VIEWER 7" and then select the «Arrange the pictures» menu.
- Your pictures are displayed as thumbnails. The display may run over several pages: holding down one of the «Select» buttons will allow you to scroll through the previous and next pages. Simply release the button to stop scrolling.
- Select the picture with the «Select» buttons and then press the «Enter» button on the back of the frame to confirm your choice.
- The selected photo is placed at the top of the screen on the Parrot PHOTO VIEWER 7" and a cursor indicates the photo's position in the album.

Press the «Select» buttons to change the photo's position. You can change its position in all the pages of your album.

- Once the cursor is in the position where you want to place the image, press the «Enter» button.

Choosing and Creating a Slideshow

The «Slideshow» submenu provides you with the following options:

- None: No slideshows is able.

The Parrot PHOTO VIEWER 7" proposes four slideshows, one of which featuring all the photos stored on your frame in their order of appearance. Once the slideshow has been selected, you can enable / disable or configure it.

The following options are available for creating a slideshow:

- Picture choice: use the «Select» and «Enter» buttons to select the photos for your slideshow.
The selected photos are marked with a tick (not available for the default slideshow).
- Timer: defines the slideshow display time.
- Picture order: used to define the order in which the photos are displayed in the slideshow (not available for the default slideshow).
- Random: arranges the photos in the slideshow at random.
- Delete slideshow: resets the slideshow (the selected images will no longer be part of the slideshow, but they will not be deleted from the frame's memory).
- Transition: defines the transition effect between the photos in your slideshow:
 - None
 - Fade
 - Tile
 - Wipe
 - Checkerboard
 - Random

Frame Orientation

- Portrait mode.
- Landscape mode.

NOTE: THE FRAME CAN ALSO BE HUNG ON THE WALL. IN THIS CASE, SCREW THE HOOK INTO THE BACK, INSERT THE CLIPS INTO THE SLOTS PROVIDED AND RUN THE POWER LEAD THROUGH THE CLIPS. IF YOU ROTATE THE FRAME, THE PHOTO DISPLAYED TURNS TO MATCH THE NEW POSITION OF THE PARROT PHOTO VIEWER 7".

Managing the Frame's Screen

The Parrot PHOTO VIEWER 7" lets you put your device on standby as well as activate the screensaver.

- On / Standby mode: long press of the ON/OFF button on the power lead.
In standby mode, the *Bluetooth* function of the Parrot PHOTO VIEWER 7" is disabled.
- Screensaver mode: the Parrot PHOTO VIEWER 7" displays the time during the periods when the backlight is off.
This feature is enabled by quickly pressing the ON/OFF button (refer to the section entitled «Description of the Icons and Features» in the «Settings» chapter in this guide).

UPDATING THE SOFTWARE

The Parrot PHOTO VIEWER 7" can be updated by *Bluetooth*. Download the utilities and the update procedure from our website at www.parrot.com. Doing so will increase the compatibility of the Parrot PHOTO VIEWER 7" with other *Bluetooth* devices.
