

## Correspondence Summary

January 7, 2009

**SUBJECT: PARROT - FCC ID: RKXOPAL**

TCB question:

1. *Collocation and co-transmission with modules FCCID EW4DWMW014: If co-transmission of the two transmitters is applicable to this product, please update the RF exposure calculations to show compliance with FCC limits. Also, please indicate whether the applicant was informed that he/she responsible to ensure that the transmitters are still compliant when transmitting simultaneously. (please do not submit data).*

Applicant's Answer:

1 – According to the applicant, the software used by the equipment does not allowed co-transmission of Bluetooth and WiFi
